Dear Sir or Madam:

Since the new Postmaster General of the United States Louis DeJoy was nominated, he has instituted major changes which have adversely affected the delivery of U.S. mail. Now he has submitted a "10-year Reorganization Plan" that will further degrade a U.S. Constitutionally-Mandated program benefitting all Americans.

His Plan appears to close many post office locations, restrict valuable services and slow the delivery of mail more than he did in 2020 leading up to the Presidential Election. This is a terrible plan.

Also, Mr. DeJoy has financial interests in seeing the post office fail. Look at his stock in competing companies. In addition, DeJoy appears to be on his way out of his current job as Postmaster General.

DO NOT approve a plan to degrade the United States Postal Service proposed by DeJoy, someone who may not be there to implement it or take responsibility if it fails.

Thank you.
